~~1 min 44 sec~~ ⚡ 1 min 9 sec**The Foundation: 3 Steps We Take for Every New Local SEO Client**

These three steps are the first thing we do for every single client — and sometimes they're the only thing we need to do.

The foundation includes auditing the Google Business Profile, auditing the GBP landing page, and setting up GBP management software. The entire process takes under an hour, but don't let the simplicity fool you. For some clients, this is enough to get them ranking without ever touching the Core 30 or more advanced work.

Even when clients do need deeper buildouts, we almost always see rank movement just from completing these three steps. That's why we never skip them.

Start here — whether it's your own business or a client's.
