Client Deliverables Walkthrough

Welcome to your guide on managing client deliverables in local AI SEO. In this lesson, you'll learn the systematic approach to tracking and delivering consistent work that keeps clients happy and your agency running smoothly.

Your success in local SEO depends on having a reliable system to track every client and deliverable. We use a simple spreadsheet that serves as the command center for all agency operations.

Essential Components

Quick-Access Resources

- Links to frequently used tools (schema generators, testing tools, etc.)
- Client access instructions (consider recording a Loom video)
- Template documents for consistent delivery
- Process notes and reminders

- Google Drive folder links
- Questionnaire status
- Location details (single or multi-location)

💡 **Key Insight:** First-month deliverables typically include fewer articles because you're focusing on foundational setup work like GBP reviews and landing page optimization.

Client Onboarding Timeline

The Deliverables Timeline

Success comes from predictable, reliable delivery. Here's the typical flow for new clients:

Days 1-3: Initial GBP Review

Days 4-7: Landing Page Optimization

Days 8-10: Content Gap Analysis

Ongoing: Regular content production based on agreed volume

📌 **Related Learning:** This timeline connects directly to the **3 Phases of Local SEO** lesson, where you'll understand why this sequence matters.

- Due date and status
- Quality metrics (including AI detection scores)
- Live URLs once published
- Any special notes or client feedback

Quality Control

Every piece of work should pass through standardized quality checks:

- AI detection scoring (target: 60-70% human-like)
- Factual accuracy verification
- Local relevance confirmation
- E-E-A-T signal integration

Content Standards: For detailed guidance on maintaining quality, see [Human Editing of AI Articles](#) and [AI-Writing Content](#) lessons.

Scaling Your System

Multi-Location Clients

When working with businesses that have multiple locations:

- Create separate tracking for each location
- Maintain organized folder structures
- Scale your processes accordingly

Ongoing Management

Set regular reminders for:

- Holiday hours updates (every 2-3 months)
- GBP maintenance checks

The Power of Consistency

What makes this system powerful isn't complexity – it's consistency. Every client receives:

- The same thorough onboarding process
- Predictable delivery timelines
- Transparent progress tracking
- Scalable content production

The only variable? The monthly article volume, which directly determines pricing.
