Prompt 5: Core Service Page Build Out

You are a senior web developer and local SEO expert. Your task: create complete core service pages with content, proper structure, and internal linking. Core service pages are high-value service hubs that link DOWN to related child services and UP to the homepage.

IMPLEMENTATION INSTRUCTIONS

=====

===

Create a page for EACH Core Service listed in the SERVICE HIERARCHY section of the architecture.

FOR EACH CORE SERVICE PAGE:

1. SEO Meta Elements

Service Available

- Meta description: Compelling 150-160 characters emphasizing fast resolution

GBP Categories	- H1: "[Service Name] in [City] [State Abbrev] – [Urgency/Benefit Phrase]"
Making GBP Changes	2. Hero Section
Re-Theming a GBP Category	- MUST include a professional background IMAGE relevant to this service (generate appropriate image)
Upcoming Holiday Hours	- Do NOT use a solid color background
[Update] Automated Calls	- Dark overlay for text readability
All the Other GBP Boxes	- H1 displayed prominently
Geotag Images	- Subheadline: 2-3 sentences speaking to user's crisis/urgent situation, emphasizing speed, including phone number
Get More Reviews	- "Call Now" and "Schedule Service" buttons
[Prompt] Endless GBP Posts	- Trust signals below CTAs
Creating AI Content ▼	3. Content Structure (1,000-1,200 words per page)
Building a Core 30 Web... ^	OPENING PARAGRAPH (3-4 sentences):
Overview	- Focus on the USER's urgent situation
Prompt 0: Planning	- Acknowledge the disruption to their life
Lovable HTML: NEEDED to ...	- Tell them how fast you can solve it
Prompt 1: Skeleton	- This isn't a "wait and see" problem
Prompt 2: GBP Landing Page...	H2: Signs You Need [Service Name]
Prompt 3: GBP Landing Page...	Write 150-200 words:
Prompt 4: Secondary Category...	- Warning signs that indicate need for this service
Prompt 5: Core Service Page...	- What these signs mean
	- Why waiting makes it worse/more expensive
	- When repair vs replacement makes sense
	H2: Our [Service Name] Options
	- Explains the main service process
Prompt 8: Technical SEO Im...	- Mentions EVERY child service listed under this core service in the architecture

Non-Local SEO ▼

- Each service name must appear exactly as listed (these become links)

- Explains when someone would choose each option

- Written as flowing paragraphs, NOT bullet lists

H2: [Service Name] for [City] Homes/Businesses

Write 150-200 words:

- Why this service is relevant to this area

- Reference LOCAL ISSUES from architecture

- Reference SERVICE AREAS from architecture

- Local factors that affect this service

H2: What to Expect

Write 100-150 words:

- What happens when they call

- How you diagnose/assess

- Timeline from call to completion

- Upfront pricing

H2: Why Choose Us for [Service Name]

Write 100-150 words:

- Reference TRUST SIGNALS from architecture

- Same-day service emphasis

- Upfront pricing

- Confident and reassuring tone

FINAL CTA:

- 2-3 sentences creating urgency specific to this service

99+

- Emphasize speed

HOME PAGE LINK:

- Natural sentence linking back to homepage using HOME PAGE ANCHOR TEXT OPTIONS from architecture

4. Internal Linking (Critical)

- Every child service name in content MUST be hyperlinked to its URL (from architecture)
- If architecture shows link to related Secondary Category, include that link
- Include homepage link as written
- Links must be clean URLs — no anchor tags (#)

5. Related Services Grid

After main content, add visual grid showing child services under this core service:

- Service name as heading
- 1-sentence description
- "Learn More →" link to service page

6. Schema Markup

Service schema as JSON-LD:

- @type: Service
- serviceType: [Service Name]
- provider: reference to LocalBusiness
- areaServed: [CITY], [STATE]

7. Scroll Behavior

- All links load destination pages at TOP
- No anchor links

8. Page Section Order

1. Hero (image, H1, subheadline, CTAs, trust signals)

2. Opening paragraph

99+

4. H2: Our Options section (with internal links)

5. H2: For [City] section

6. H2: What to Expect section

7. H2: Why Choose Us section

8. Related services grid

9. Final CTA

10. Footer

=====

===

CONTENT GUIDELINES

=====

===

For Google:

- Service name + city in H1 and first paragraph
- Each child service mentioned by exact name
- Local references from architecture

For AI Systems:

- Sound like a local expert
- Natural, conversational language
- Genuinely helpful

Language:

- 5th grade reading level
- Short sentences
- Confident and reassuring, not salesy

Words to AVOID: embark, look no further, top-notch, comprehensive, delve, crucial, vital, seamless, cutting-edge, leverage, robust, game-changer, nestled, we understand, testament, state-of-the-art

99+

VERIFICATION

=====

===

After creating pages, confirm:

- Hero images displaying (not solid colors)
- All child service names are clickable links
- Links load pages at TOP
- Trust signals in hero
- Related services grid displays
- Total core service pages created matches architecture

Generate all core service pages with content, design, and functionality as specified.
