Your Client Is Ranking. They're Just Invisible for the Jobs That Actually Pay.

I see this a lot.

You check your client's map. It's looking decent. A few green dots. Rankings moving. You feel good about the campaign.

Then they call and ask: "We're getting some calls, but why aren't we getting more water heater jobs?" And you don't have an answer.

Here's what's actually happening. (And most SEOs never figure this out)
Ranking for "plumber" doesn't mean you're ranking for "water heater replacement."

To Google, those aren't the same thing. They're separate entities. Separate ranking... [See more](#)

I looked at two different clients' services. In both cases, there were different results. "Mold removal". turned up different map pack leaders than "Mold Remediation" which I found surprising...they seem the same to me. Also, "window installation" is different that "window replacement". Which is less surprising but a good check to make sure I have content to match!
